

1975 Article Index

Management

- U.S. Productivity ... a perspective view, Bob Kelly, Jan. p.14
- Moving Manufacturing R&D Into the Forefront, Nat Wood, Feb. p.16
- Optimize Manloading—Minimize Costs, Ralph M. Johnson, Mar. p.14
- Converting to Metric ... what you need to know, Part 1, Hank Stein, Apr. p.18
- Converting to Metric ... what you need to know, Part 2, Hank Stein, May p.16
- Converting to Metric ... what you need to know, Part 3, Hank Stein, June p.18
- How to Save \$100,000, July p.12
- Low-Cost Computerization Pays Off, E.M. Blackman, Aug. p.12
- Making the Best Use of Technical Shows, William R. Taylor, Sept. p.18
- Equivalent Units—A Simple Method for Measuring Performance, Harvey Gittler, Oct. p.18
- How to Slash In-Process Inventory Costs, Nicholas Maffei, Nov. p.14
- Let's Get the Economy Moving Again, Dec. p.12

Design/Fastening/Joining

- Designing for Productivity Improvement, Hank Stein, Jan. p.20
- Taking the Guesswork Out of Press and Snap Fits, Part 1, Bruce P. Graves, Feb. p.20
- Taking the Guesswork Out of Press and Snap Fits, Part 2, Bruce P. Graves, Mar. p.20
- Infinite-Life High-Strength Bolts, Dr. Louis Raymond, Apr. p.26
- Piece-Part Designs for Reliable Automatic Assembly, John M. Leaman, May p.24
- Modular Product Designs for Automatic Assembly, N. Olijnek, June p.22
- Self-Drilling/Tapping Screws, Richard L. Gruber, July p.18
- Getting a Grip with Hot Melts, George H. Knox, Aug. p.14
- Dispensing Hot Melts, George H. Knox, Sept. p.24
- Reducing Assembly Costs with Retaining Rings, Melvin Millheiser, Oct. p.23
- Brazing Preforms Speed Assembly and Reduce Costs, Clarence Van Dyke, Nov. p.18
- Seals Can Be More Than Just A Seal, Charles H. Tanner, Dec. p.14

Ideas and Developments

- Metric Fastener Update, Richard Belford, Feb. p.24
- Protective Coating for Fasteners Used in Aluminum or Titanium, Paul W. Cook and Thomas R. Adams, Feb. p.26

- Adhesives Program To Stress Practicality, Feb. p.29
- Metric Fastener Standards, Richard Belford, Mar. p.22
- Pool Filter Cage Has Fewer Welds, Mar. p.25
- Quick-Access Welding Torch, Apr. p.31
- International Fastener Standards, Richard Belford, Apr. p.32
- Hot Melt Reduces Cargo Restraint Production Cost, Apr. p.33
- Miniature Screws by the Millions, Apr. p.35
- Parts \$ Up, Assembly \$ Down, May p.29
- Electromagnetic Fasteners ... A New Fastening Concept Under Development, June p.26
- Metric Fastener Sizes, Richard Belford, June p.28
- Agree on International Fastener Standards, Richard Belford, July p.23
- Blind Fasteners Reduce Costs, Solve Problems, July p.24
- Metric Hex-Head Fasteners, Richard Belford, Aug. p.20
- Ski Boots Assembled in Half the Time, Aug. p.21
- Tapping Screw Standards, Richard Belford, Sept. p.30
- Rivets Meet Safety Standards, Oct. p.28
- Metric Fastener Standards—How Soon?, Richard Belford, Nov. p.22
- New Adhesive Slashes Assembly Time for Gyro Maker, Dec. p.19

Electrical/Electronics Assembly

- So Let's Get Moving!, George H. Knox, Jan. p.26
- Taking Tip Temperatures, Ross M. Mehl, Feb. p.30
- Lead Trimming Machines Cut PC Assembly Costs, Kenneth G. Boynton, Mar. p.26
- Run a Tight Strip On Tough Insulations, Wire Processing—Part 1, Apr. p.40
- Let the Wire Type and Size Pick the Stripping Method, Wire Processing—Part 2, May p.34
- Use a Laborsaving Tool to Strip Wire Insulation, Wire Processing—Part 3, June p.32
- Improving Productivity with Terminals, July p.26
- Wire Terminators That Put a Crimp in Crimping Costs, Aug. p.22
- Reducing Wire Harness Costs, Sept. p.34
- Specifying and Measuring the Working Capacities of Soldering Irons and Tips, Part 1, Gert Becker, Oct. p.30
- Specifying and Measuring the Working Capacities of Soldering Irons and Tips, Part 2—Conclusion, Gert Becker, Nov. p.26
- Electrical Inspection Reduces PC Board Costs, Stephen E. Grossman, Dec. p.20

Ideas and Developments

- Flat Cable to Round Connectors, Nov. p.24
- Receptacle Prevents Shocks, Nov. p.31
- Wire Chassis Cut Assembly Time, Dec. p.24

- Profitable Partners: Power, Parts Handling, Control, George H. Knox, Jan. p.32
- How Bowmar Gets Costs Out of Assembly Operations, Feb. p.36
- Holding the Line on Assembly Costs, Part 1—The Fundamentals, Mar. p.30

Assembly Systems

- Holding the Line on Assembly Costs, Part 2—Design and Fabrication Primer, Apr. p.48
- Applications Guide to High-Torque Wrenches, Part 1, John H. Bickford, May p.40
- Applications Guide to High-Torque Wrenches, Part 2, John H. Bickford, June p.36
- Cost Cutting with Semiautomatic Riveting, Paul A. Bennett, July p.30
- Look What the Russians Are Doing, Aug. p.26
- Assemblex '75 Sept. p.39
- RF Proximity Switches—Vital to Automatic Coil Spring Assembly, James Rebman, Oct. p.34
- Parts Feeding Systems for Assembly, Part 1, Charles K. Watters and Donald S. Stevens, Nov. p.36
- Parts Feeding Systems for Assembly, Part 2, Charles K. Watters and Donald S. Stevens, Dec. p.26

Ideas and Developments

- Weld a Perfect Circle, Feb. p.42
- Assemblex '75—Exclusive Focus on Assembly, Fastening and Joining, May p.46
- Pacer Bodies Assembled on Automatic Transfer Machine, June p.41
- Assemblex '75, Emphasis Is On Cost Savings, July p.35
- Assemblex '75, Breaking the Assembly Cost Barriers, Aug. p.30
- Sizing Quick-Disconnect Fittings, Ted Lamb, Sept. p.48
- National Conference on Fluid Power, Sept. p.51
- Progress in TIG Welding, Oct. p.37
- Power Saw Parts Sealed With Silicone, Nov. p.42
- Assemblex '75 Success Spurs Plans for '76 Show & Conference, Dec. p.30
- Mechanizing Staking Boosts Production, Dec. p.31
